CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

OFFICE OF DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE

1965 FEB 8 16 25

8 FEB 1965

MEMORANDUM FOR: Director, NRO

SUBJECT: Evaluation of QUILL Feasibility Demonstration

1. This memorandum is in response to yours of 3 February 1965, subject as above. It is my understanding that we were to receive a comprehensive briefing on the QUILL system and it would seem timely now that this should be scheduled.

2. I agree that analysis of the potential value to intelligence of this source is an appropriate complement to the engineering analysis which you advise is now under way. Determination of the precise auspices under which this analysis is conducted should await a fuller understanding on our part of the factors involved.
